

CLAIMS

- [001] A dishwasher comprising at least one crockery basket (1) and a device (3, 4, 5) for placing items to be washed, especially for placing pieces of silverware (7), characterised in that the device (3, 4, 5) is arranged on an exterior side of the crockery basket (1).
- [002] The dishwasher according to claim 1, wherein the device has at least one storage compartment (5) with a substantially horizontal tray area.
- [003] The dishwasher according to any one of claims 1 or 2, wherein the device has two lateral flange plates (3, 4) which are preferably detachably connected to the crockery basket (1) and on which at least one storage compartment (5) is mounted.
- [004] The dishwasher according to any one of claims 2 or 3, wherein at least one storage compartment (5) can be removed from the device and can be re-inserted in the device.
- [005] The dishwasher according to claim 4, wherein at least one storage compartment (5) can be inserted in the device in different positions at different height.
- [006] The dishwasher according to any one of the preceding claims, wherein the device has a plurality of storage compartments preferably arranged substantially above one another.
- [007] The dishwasher according to claim 6, wherein the storage compartments (5) are arranged substantially step-wise so that a lower storage compartment respectively projects over an upper storage compartment at least partly in the horizontal direction (A).

- [008] The dishwasher according to any one of claims 2 to 7, wherein at least one storage compartment (5) has accessories (6) for suitable arrangement and storage of the pieces of silverware (7) on the tray area.
- [009] The dishwasher according to claim 8, wherein the accessories (6) for suitable arrangement and storage of the pieces of silverware (7) on the tray area comprise projections (6) which protrude vertically and/or obliquely from the tray area.
- [010] The dishwasher according to any one of the preceding claims, wherein the device has a handle (8) by which means the preferably displaceably mounted crockery basket (1) can be moved.
- [011] The dishwasher according to any one of the preceding claims, wherein the crockery basket (1) has a handle (8) which protrudes beyond the device at least partly in the horizontal direction (A) and by which means the preferably displaceably mounted crockery basket (1) can be moved.
